I also run Mobil 1 10W30/10W40 in all my equipment. I am buying a Husqvarna mower and wanted to know if these Honda's were reliable. Got a mower that was only used once and stored inside heated garage. We drained the gas and installed new plug. Still wouldn't start. Husband (MC mechanic) took the carburetor off and cleaned it completely..however, the gaskets got scattered and we are not 100% sure where they all go..the diagram on your site isn't very helpful, doesn't show exactly the order to put them.
